

## Advising/Registration To Do Checklist

**Review your on-line Interactive Degree Audit (IDA)** to know what degree requirements you've completed and which you still need to take.

<https://utdirect.utexas.edu/nrida/menu.WBX>

**Review your on-line Registration Information Sheet (RIS)** to update contact info and know your registration access time.

<http://registrar.utexas.edu/students/registration/before/ris>

**CLEAR YOUR BARS** If you have other financial or non financial bars, they'll be listed on your RIS. You must clear all bars before you can register.

<https://utdirect.utexas.edu/registrar/ris.WBX>

**CHOOSE CLASSES** Review the on-line Course Schedule(s). Read the prerequisites carefully. <http://registrar.utexas.edu/schedules>

**GET ADVISED** Review the dates and times of mandatory advising that are sent to all students before the madness begins! Remember that you must print out and complete the Registration Advising Worksheet (RAW) and bring that to your advisor when you come to get advised! Your academic advisor will clear your advising bar.

**REGISTER FOR CLASSES** After you've been advised, and your bars are cleared, you may register during your access time.

**RE-RUN IDA 2.0** After you complete registration, you should RE-RUN your online IDA to know how your future classes will satisfy your degree requirements, OR NOT! Click the 'future' box to include classes you JUST registered for.

**VISIT MY TUITION BILL** Verify that your registration is complete and your classes are secure.
